

August 27, 2008

Dear Parents and Students,

It's that time of year again. We are getting ready to kick off LEGO League 2008. The theme this year is Global Warming and the challenge will be released on September 5th.

Talking to the students, there seems to be a lot of interest in being a part of the LEGO League this year. Joining the team means a commitment from now until February. We will have a meeting for all of those interested in being part of the team on Wednesday September 3rd at 5:00. This meeting is for all students and parents who want to be part of the experience.

It is imperative that all students **and parents** interested in being part of the LEGO League team be at the introductory meeting next Wednesday. We look forward to seeing you then.

Students whose parents do not come to the meeting will not be part of the team.

Sincerely,

Steve & K.C. Kramp
